Entry #	Judge No:	Gra	3de	e L	eve	el _					_
Project Tit	le										
Street Ad	dress:										
Student N	lame(s)										
1 CDEAT	WITY (20 points)										
	<b>IVITY (20 points)</b> Unique project or original approach to old problem.	1	2	3	4 :	56	7				
	Materials and processes applied in a new or imaginative way.				4 :						
	Student shows interest in project.		2	-							
d.	Objective is practical and intriguing.	1	2	3							
	Tot	al: _					_				
	G QUESTIONS <u>or</u> DEFINING PROBLEMS (15 points)										
	Goal/purpose or practical need/problem clearly stated.				34						
	Appropriate depth of research or definition of proposed solution.				3 4						
c. 7	Testable using scientific methods or explanation of problem constraints.	.1.									
3 DESIGN	Tot: AND METHODOLOGY (20 points)	: _					-				
	Data collection methods precise, repeated and appropriate to problem or										
	exploration of alternatives to answer need and/or problem.		1	2	34	5	6	7	8	91	0
b.	Variables /controls defined, appropriate and complete or investigating		1	~	~ .	_	_	_	0	0 1	
	identification of a solution and development of a prototype/model.		1	2.	34	- 5	6	1	8	91	.0
	Tot	al:					_				
	CTING, ANALYZING AND INTERPRETING DATA (20 points)										
	Systematic data collection/analysis or prototype demonstrates intended des			2	3 4	4					
b.	Demonstrates reproducibility of results <u>or</u> prototype has been tested in multiconditions/trials.	tiple		2	3 4	4					
C	Used appropriate application of mathematical and statistical methods.				34						
	Sufficient data collected to support interpretations and conclusions or		1	2	5						
	prototype demonstrates engineering skills and completeness.		1	2	3 4	4					
e.	Conclusions are logical, supported by data, and relevant to scope of project	t.	1	2	3 4	4					
	Т	otal:	:_					_			
5. DISPL	AY AND PRESENTATION (25 points)										
a. 1-	Accurate and informative title and illustrations give credit to originator.			2	-						
	Display clearly explains project and results. Graphic appeal and pride of workmanship evident in display or electronic	nree		2		Δ					
	Technical clarity and thoroughness of oral presentation and discussion.	pres			3		5 F	5			
а. е.	All team members demonstrated confidence and poise in speaking.			2		• •	<i>.</i> (	-			
f.	Demonstrates appreciation of relevant applications and further study.			2							
g.	General evidence of personally performing all project tasks.	_		2
